SHALOM

ALUMNI
I know a sorcerer years ago
Who smelled this flower
And heard this bird,
Who by the unction of this flower
Was drawn and stirred
These paths that you and I tread down
Are wholly ours,
This is our green,
Our grasp intensified by all
Things heard and seen
That other are belonged, like us
More yet will claim
This precious ground
All storms through the quickened
Are Graceland - bound
Leo Handforne Moore
